

The New underground drainage work was carried out recently at our club. Due to the work being done, at many places inter lock bricks were removed leading to inconvenience to our members. These bricks are being replaced and shortly the work will be completed.

The work for the new restrooms toilet / outdoor / counter also is on in full swing and we hope will be completed soon. Work is afoot to relocate/renovate the Bar also.

Soon we will be issuing car passes for the members, which we hope will help the members in getting car parking space inside the club premises.

Members kindly note – a member can bring the same guest to use the club facilities only
